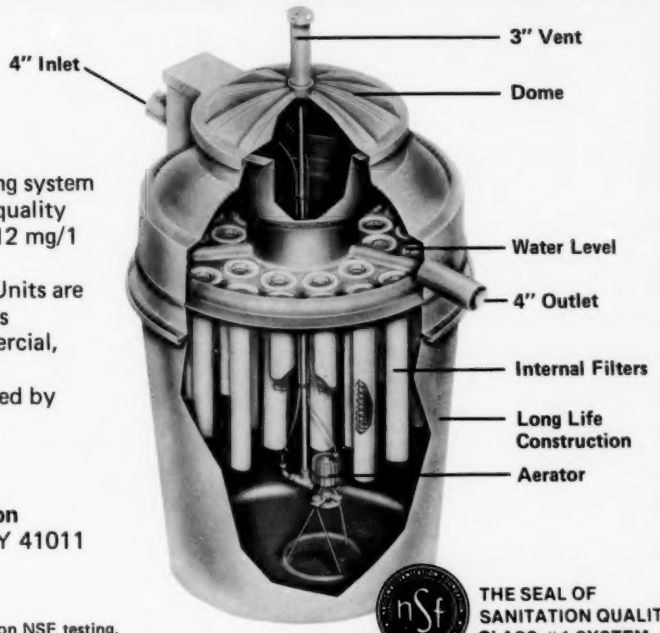
MULTI-FLO: The sewage treatment alternative

Solves these problems:

- Poor soil percolation
- High water table
- Limited installation area

Provides these benefits:

- Unique, reliable internal filtering system
- Consistently achieves effluent quality of less than 10 mg/1 (BOD_5), 12 mg/1 suspended solids*
- Compactness and portability. Units are 86" x 63", weigh about 300 lbs
- Systems for residential, commercial, institutional applications
- Proven for over 10 years. Backed by reputable service organization.



Transamerica Delaval Inc.,
Purestream Waste Treatment Division
1450 Dixie Highway, Covington, KY 41011
